

1-DAY SEMINAR

THURSDAY, 11 MAY 2006

"Applied Petroleum Geomechanics"

**Lecturers: Tron Kristiansen & Roar Flatebø,
BP/Norway**

Content:

- 1. Elasticity**
- 2. Failure Mechanics**
- 3. Some geological aspects of geomechanics**
- 4. Stresses around boreholes, and borehole failure criteria**
- 5. Acoustic wave propagation in rocks**
- 6. Mechanical properties from laboratory analysis**
- 7. Mechanical properties from field data**
- 8. Stability during drilling**
- 9. Solids production**
- 10. Fracturing**
- 11. Reservoir compaction, subsidence and well problems**

SPE Copenhagen Section

1-day Seminar

Topic: "Applied Petroleum Geomechanics"

Lecturers: Tron Kristiansen & Roar Flatebø,
BP/Norway

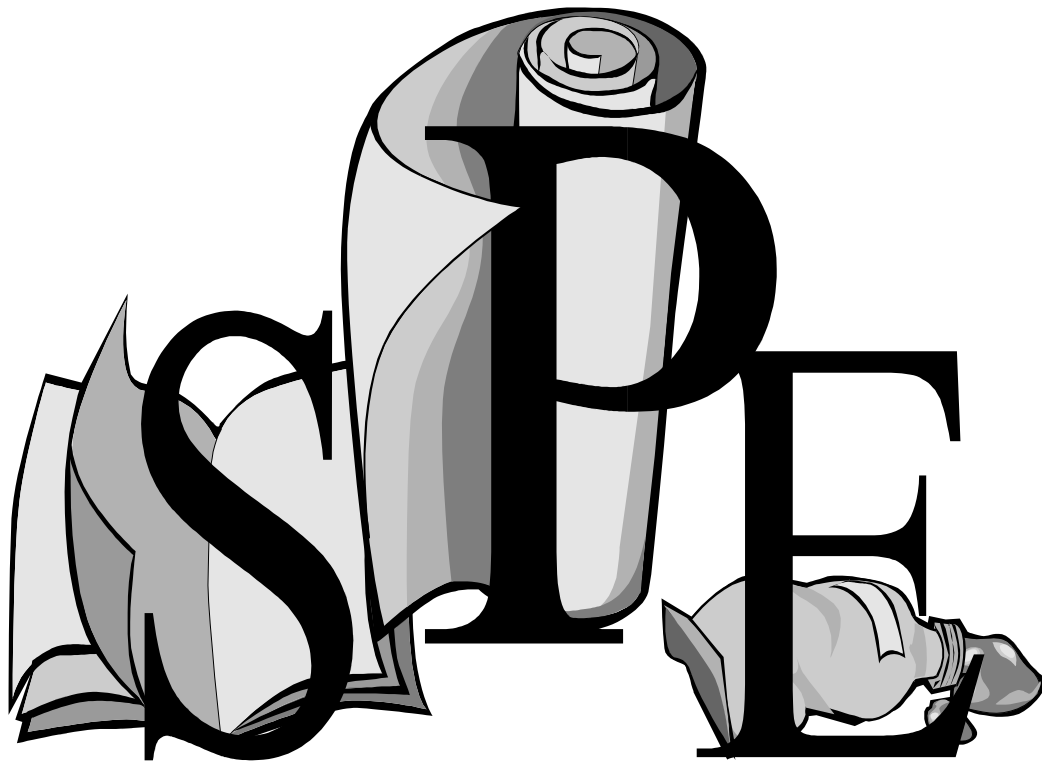

Time: Thursday, 11 May 2006
9.00 – 16.00 hrs.

Venue: DONG
Agern Allé 24-26
2970 Hørsholm

Price: DKK 150.- / person

Registration: Before 1 May 2006 to
Rita Steenholt
Mærsk Olie og Gas AS
by tel. 33 63 39 01 or
e-mail: rst@maerskoil.com

Payment: Please pay DKK 150.-/person into the
SPE bank account with Nordea,
Reg. No. 2274, Account No. 5360613323
